Ok -- Jake -- do you have any questions?
Some key points are the following...

· EPA is considering the Shaffer Equipment/Arbuckle Creek Area site for proposal on to the National Priorities List (NPL) and is requesting the Governor's letter of support at this time. As a matter of policy, EPA requests state support prior to the proposal of any site for addition to the NPL.

A letter from the Governor does not guarantee that the site will be proposed to the NPL; however, it is a major step in the process.

We are working on a draft here, I hope to have it to the Gov office this PM for their review - they are likely to have lots of questions.
